CLICK HERE
to SAVE your FREE spot

What you will learn during this free class:

- The Most Popular Photo Editing Program Most Digi-Scrappers Use & Why
- Explore the Touch Up Tools for Teeth Whitening, Wrinkles and Acne
- Red Eye Removal, Pet Eye Fix and Unwanted Objects
- Learn how to Change Color of items such as Eyes, Elements and Papers
- Discover how to Use Digital Templates that will save you So Much Time
- Learn how to Salvage Old, Discolored & Grainy Photos in 5 Easy Steps

presented by: Michelle Stelling with the National Association of Digital Scrapbookers - naods.com

Just Art opened in April 2015 and is a site where you are invited to experiment with digital art and/or scrapbooking. We aim to provide an environment where you will feel comfortable to share your work and techniques with others.

We do NOT have a store and are not associated with any store or designer. This means it's a win win situation for you. You can create to your heart's content and use whatever you have in your own personal stash!

We have all different levels of expertise within our group, and beginners as well as more experienced members are most welcome to join us! Our members share a wealth of experience and talent and are always willing to 'share and care'!

We pride ourselves on having a caring, family environment. New members are always warmly welcomed and encouraged to become part of our community!

We offer numerous monthly challenges hosted by our members. Freebies are often provided by our generous and talented community.
